Bachelor of Technology, Anna University   Completed

Course , Artificial intelligence and Data science.   2021 - 2025

SKILLS

Technical Skills	Java Script, CSS, HTML, MS office, Excel, Powerpoint, Python
Soft Skills	Communication, Leadership, Time management, Critical thinking
Language	English, Malayalam, Tamil

EXPERIENCE

Intern   July 03 2023 - July 17 2023
Techmindz   *Kochi, Kerala*

- Have completed 15 days of internship program in Python.
- Learned basics of python.

Intern   June 10 2024 - June 25 2024
Coding campus   *Kochi, Kerala*

- Have completed 15 days of internship program in Python.
- Learned advanced python

PROJECTS

Front end developing Developed a front end of book my show app by using HTML and CSS. (Try it here)

Music recommendation system using face detection. Created a music recommendation system that utilizes face detection technology to analyze users' facial expressions and moods. The system recommends music tracks based on detected emotions, enhancing the listening experience with personalized selections.

Website Development Completed a website of a BMI calculator. (Try it here)

AI Based Medical Diagnosis System . I have done a medical diagnosis system as my major project in Btech final year. Which used combination of Decision Tree, Random forest and Naive Bayes (Try it here)

EXTRA-CURRICULAR ACTIVITIES

- Was a state level player in volleyball, engaging in the sport for its teamwork and fitness aspects. Regularly participate in matches and practice section always finding a balance between my studies and sports time.

ACHIEVEMENTS

- Participated in project expo and got first prize for music recommendation system using face detection.
- Participated in INTELLINA national level tech fest 404 found
